

Project Research-2

Subject : Research Method and Scientific Research Class S
Faculty : Animal Science, Undergraduate Program
Venue : Monday, 15th April 2019
TIPE : Take home
Lecturer: H.D. UTAMI, IR. MS., M.Appl.Sc., PhD., IPM

Make Chapter II: **Literature Review** for research proposal with answering the following questions:

1. Sub-Chapter 2.1. : **Review of Theory**

- 1.1. Find Theory from **Text Books or Books** as Basic of your research, at least five **(5) references book**, more book books might more better.
- 1.2. Write **summary** from those text-books with interesting and orderly sentences and directed to the research title (make a good connection between paragraph)
- 1.3. Please **checked** whether your references come from the text book or books?
- 1.4. Type minimal four **(4) pages** for the review of theory with 1.5 spaces

2. Sub-Chapter 2.2. : **Review of the Previous Research Results**

- 2.1. Get the national or international journals, proceeding, research reports that related with your research, minimal sixth **(6) references**, more may be better.
- 2.2. Write **summary** from those journals, etc. with interesting and orderly sentences and directed to the research title (make a good connection between paragraph)
- 2.3. Please **checked** whether your references come from the non-text book?
- 2.4. Type **minimal four (4) pages** for the review of theory with 1.5 spaces.

3. On the basis of Literature review, make **Framework of Research Concept!** Explain it!!
4. Write **Hypothesis** based on Literature Review!! (Optional!!)
5. Write all references according the **rule** that available in the Guidance for Proposal writing of the Faculty of Animal Science Web!!!
6. **Attach one international journal** that you used in this Lit-Review!!
7. Structured no.1-6 orderly and **banded!!**

Good Luck!!
