Research Project – III

Subject   : Research Method and Scientific Research Class S
Faculty   : Animal Science, Undergraduate Program
Venue   : Friday, 25th April 2019
TIPE   : Take home
Lecturer: H.D. UTAMI, IR. MS., M.Appl.Sc., PhD., IPM

 Make Chapter III: **Methodology** for research proposal with answering the following questions:

1a. What is **the research Title**?

1b.What is the **research Problems**?

1c. What is the **purpose of the research**?

1d.What is the **Hypothesis**? (optional)

2. Do you find the **consistency** between 1a to 1d? Explain!!

3. **Research Methodology**:

 3.1. The **Location and the time** for carrying out the study (minimum 1 paragraph) consist of:

a. What is the **method** in determining the research location?

b. What is the **consideration** in selecting research area?

3.2. Material **of Research** (for Non-Social Economic Program) or **Determining Respondents** (for Social Economic Program):

a. Develop Sampling **Frame** or the **stages** in obtaining Respondents/Sample!!

b. Explain **each Step** and its **method** or the **consideration**!!

c. Explain the **method (references) used in the research**

d. How **many samples** are employed in this research, explain it!

3.3. Method **of Data Collection (the Primary and Secondary data):**

a. Explain **method for primary** data collection!

b.Explain **method for Secondary** data collection?

3.4. Make Operational Definition of variable!

 a. Make the **definition of variables**

b. Explain the **data measurement** as well!

3.5. Data analysis consists of:

a. To answer the **objective-1,** What analysis is employed?

b. For **Objective-2,** What analysis is used?

c. In order to **answer hypothesis**, **what data analysis is applied**?

3.6. Terminology **Boundary**

a. Make **terminology boundary** in regard to the research title?

b. Why is terminology Boundary needed!

3.7. Write the References **in the right way**.

Good luck!!
